QUOR HEALTH: April 2020-PRESENT

OPERATIONS

Assist with managing supply chain of healthcare ancillary products and CRM maintenance. Research and implement new technologies and systems as needed.

BUSINESS INTELLIGENCE

Report physician activity, financial and marketing spending and performance by building and managing dashboards using Microsoft Excel, Google Sheets and Tableau Server.

MARKETING

Assist with physician partners' marketing campaigns and strategy, updating company website, copywriting, and creating marketing materials as needed.

• ACCOMPLISHMENTS

- Deployed and managed Tableau Server using AWSEC2.
- Transitioned all email accounts as admin in G Suite during company rebrand.

APPLIED BEHAVIOR LEARNING CENTER: 2016-2018

APPLIED BEHAVIOR ANALYSIS

Implemented Applied Behavior Analysis techniques in 1:1 therapy sessions to children ages 2-13 diagnosed with Autism Spectrum Disorders intended to build a variety of skills - including self help skills, communication and social skills, emotional regulation and attending, and decrease targeted challenging behaviors.

DATA MANAGEMENT

Collected, managed and analyzed various types of client data, using Microsoft Excel and Google Sheets.

FRANKINO LAB – 2013-2015

INDEPENDENT RESEARCH

Conducted an original experiment testing whether the flight ability of *Drosophila melanogaster* affects survival in the presence of a predator, and whether effects hold across different temperatures.

LAB MANAGEMENT

Organized day to day lab tasks and activities, including maintenance of stocks and implementation of experiments. Trained lab members in lab protocols, best practices, and experiment implementation procedures.

Arranged and managed work schedules for up to eight student workers at a time.
