

SUSAN RENAUD

USER EXPERIENCE RESEARCHER

RELEVANT TECH EXPERIENCE

Le Wagon London - Computer Programming July 2019 - Sep 2019

- 9-week intensive full-stack coding bootcamp learning HTML, CSS, Bootstrap, JavaScript ES6, SQL, git, GitHub, Heroku, Ruby on Rails.

Projects:

- **Two-Wheeler** - Collaborated in a group of two people to design and implement a bike rental platform developed using ruby on rails.
- **Losty!** - In a group of two people, designed using ruby on rails, a fully functional lost and found web application where people who lose things can be connected to those who have found them.

PREVIOUS WORK EXPERIENCE

Applied Behavior Learning Center

Apr 2016 - Oct 2018

Team Lead Behavioral Therapist

- Implemented 1:1 therapy based on Applied Behavior Analysis techniques to children ages 2-13 diagnosed with Autism Spectrum Disorders.
- Performed client-specific programs and protocols intended to build a variety of skills. These include self help skills, communication and social skills, emotional regulation and attending, as well as to decrease targeted challenging behaviors.
- Managed client records, data and materials; responsible for making sure behavioral therapists on clients' teams implemented programming correctly.
- Collected, graphed and managed various types of client data.

Frankino Lab - University of Houston

May 2013 - Dec 2015

Lab Manager

- Conducted an original experiment testing whether the flight ability of *Drosophila melanogaster* affects survival in the presence of a predator, and whether effects hold across different temperatures.
- Organized day to day labor lab including maintenance of stocks and implementation of experiments.
- Trained lab members in lab protocols.
- Arranged and managed work schedules for up to eight student workers.

BOUNCE (Behavior Opportunities Uniting Counseling and Education) Aug 2015 - Dec 2015

Intern

- Collaborated with group members to administer nutrition/healthy lifestyle classes at elementary schools to girls aged 9-14.
- Assisted with data collection, data entry, and data management including use of Qualtrics and Excel.

EDUCATION

University of Houston

2010 - 2015

Bachelor of Science in Psychology and Public Health
Magna Cum Laude

SUMMARY

I am a tech enabled UX Researcher looking to leverage my previous experience I have attained in my past roles with my newly acquired tech skills. I chose to study psychology and public health in university because I wanted to make a positive impact on the world, and I was interested in analysis and research. After working in Applied Behavior Analysis for nearly three years, I developed an interest in learning more about technology - and I knew I needed a change. Because of this, I decided to attend Le Wagon London Bootcamp to learn full-stack web development. My experience there has prepared me to reach my goals with these new tech skills.

SKILLSET

- Web Development
 - Ruby
 - Ruby on Rails
 - HTML
 - CSS/SCSS
 - Javascript(ES6)
 - Databases
 - SQL
- Management/Team Leadership
- Research - Biology and Public Health
- Applied Behavior Analysis
